Re: Market Analysis and Retail Recruitment Services

Fred:

I want to take this opportunity to thank you for reviewing our Scope of Work and considering us. NaviRetail has long-awaited the chance to work with Copperas Cove.

As we've discussed in the past, we do things very differently, and I truly believe this approach is exactly what the city needs in order to accomplish its many development goals.

As a company, we take great pride in ensuring that every detail of a project is not only recognized, but also, addressed in a very intentional manner. Our approach to every project prioritizes the following:

- 1. Quality over quantity
- 2. Cutting-edge creativity
- 3. Commitment and perseverance

We believe that every project should begin with a well-defined plan; however, I can't emphasize enough the need for economic responsibility and sustainability when crafting this plan. We are full-fledged supporters of new business development while also maintaining economic sustainability amongst current businesses in Copperas Cove.

With your help, I believe that we can not only accomplish the goals of the city, but exceed them in every way. I am confident we will have success, and I can't wait to see Copperas Cove thrive like we all know it should.

Please review the following Scope of Work; and if you should have any questions, feel free to contact me directly via phone at (662) 419-8098 or e-mail at casey@naviretail.com.

Sincerely,

Casey Kidd, CEO

SUMMARY

You might be asking yourself: Why is ______ not here? or How come we don't have a _____?

The answers to these questions vary from scenario to scenario, but one thing remains true for all: If they could be there, they would be. Our goal is to find out what is keeping them from being there and mitigate any issues that might stand in the way of them locating.

Year 1

Phase 1: Critical Path Method (CPM) & Project Kickoff

We will meet with the economic development staff to organize efforts and determine the CPM for future development in Copperas Cove. This step ensures our process remains both efficient and pragmatic.

Phase 2: Data Gathering & Collection

We will start by gathering all the necessary data and facts about the area. This data focuses primarily on those who frequently shop and eat in the area, not just those who live within the Copperas Cove city limits.

Phase 3: Market Analysis & Mobility Assessment

We will use market insights to study the patterns and trends concerning Copperas Cove's consumers. With this information, we can better affect recruitment. This helps us to "zero-in" on prospective business targets.

Phase 4: Combine Reports & Market Findings

We will create comprehensive reports to better convey what this information means. What good is all of this useful information if presented in a way that is hard to digest or understand? Simple is better and that's exactly our approach.

Phase 5: Community Forum & Recruitment Workshop

We will host two separate seminars in Copperas Cove where local stakeholders, developers, and businesses all have a chance to network as well as receive relevant market data. Community buy-in is imperative.

Phase 6: Retailer Matching & Targeting Strategies

We will match the city's data to businesses that are a fit for Copperas Cove. Effective targeting is crucial to the success of our recruitment efforts. This is why possessing in-depth data about the city's consumers proves to be so important.

Phase 7: Site Matching & Inventory Assessment

We will match targeted businesses with sites that would best suit them. Matching retailers with sites that fit their consumer's psychographic profile and spending trend is paramount when courting a business prospect.

Phase 8: Hotel Monitoring & Feasibility Study (Optional +\$8,500)

We will prepare a hotel feasibility study for a proposed hotel property in Copperas Cove so that NaviRetail has adequate and necessary marketing collateral while attracting prospective hotel developers to the city.

Phase 9: Action Items & Recommendations

We will identify and address any issues that might be hindering the city's development goals. We will submit relevant recommendations that serve to mitigate obstacles that would slow down the development process.

Phase 10: Business Recruitment & Retention

We will begin contacting targeted retailers and developers on the city's behalf. This is where our vast network of industry connections with both retailers and developers is such a value to Copperas Cove. Having a "foot in the door" speeds up this process tremendously.

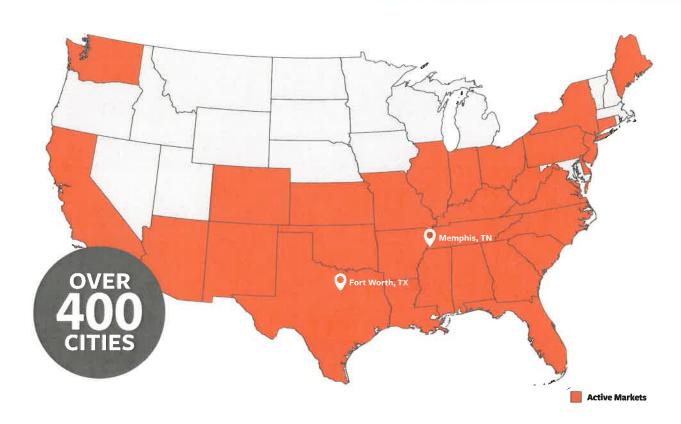

COMPANY BACKGROUND &

EXPERIENCE

OUR COMPANY

ABOUT US

Founded in 2016, NaviRetail quickly became the industry leader in economic development consulting and new business recruitment. The tenure of several employees at other companies provided a new perspective on the retail recruitment industry and has allowed NaviRetail to differentiate itself from competitors.

NaviRetail team members have worked in as many as 30 different states and over 400 communities all across the U.S. With over 50 years in combined experience, we are shedding new light on the retail recruitment industry. This perspective is mandatory to recruit the retailers your constituents want to see.

Clark Tower - Memphis, Tennessee Office

Wells Fargo Tower - Fort Worth, Texas Office

We want to show you the retail potential Copperas Cove has and also allow you the opportunity to work together with us during the process. This is the part of our job that we love the most. Developing relationships and working directly with communities are the key elements to success.

We are dedicated to becoming a full-fledged community partner, as this is the exact sort of environment which yields success. We will bridge the gap between both the public and private sectors.

OUR LEADERSHIP

About the CEO

Casey Kidd

Chief Executive Officer

A native of North Mississippi, Casey Kidd has worked as an economic development consultant across the U.S. for more than a decade. His passion for unconventional data analysis, combined with his knack for working deals for cities from start to finish, make him a well-suited match for the ever-changing retail market. Kidd has worked with government officials and stakeholders in over 400 communities and 30 states — and can likely tell you the exact address of city hall, the nearest Walmart, and the best local brewery in each of them.

Aside from his expertise in data analysis and placemaking, Kidd is largely guided by his personal relationships with national retailers. These connections give him an insider's perspective into specifics retailers look for when considering a new site, as well as how cities can position themselves more competitively in today's market.

Early in his career, Kidd developed the first technology for interpreting cell phone data to track consumer movement and spending; and he continues to be committed to giving back to the industry with the development of cutting edge technology.

Before his love for data and dealmaking sent him on the road, Casey traveled as a professional musician and composer. His work is still brought to life by groups across the world, while he spends most of his days now on an airplane (possibly one he's piloting), on the phone, or at a desk making deals happen for small town America.

SCOPE OF WORK

Critical Path Method (CPM) & Project Kickoff

Thank you for taking the initiative to be <u>proactive</u> rather than reactive. By hiring us, you're proving that the future development in Copperas Cove is a priority that cannot be ignored. Our critical path method (CPM) includes several discussion topics listed below. We look forward to kicking off this project with the city and discussing our approach.

Our plan, while not necessarily a step-by-step guide, will aid in the decisions the city will be making in determining the future for Copperas Cove. We will place much emphasis on ensuring economic democracy amongst current businesses so as not to change the self-managed enterprises that already exist in the local market.

We will thoroughly research and analyze various aspects about the community, even outside of the local economy, so that we offer the most complete perspective available by an outside firm. The topics presented will be done so in a diplomatic fashion, but with the utmost importance placed on truth, accuracy, and pragmatism.

Topics To Be Covered:

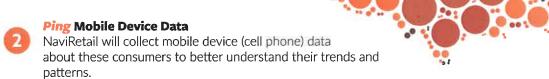

This list is simply a minimum list of topics to be included and is expected to grow as this process continues and our data is gathered.

- Business Feasibility and Consumer Targeting
- Overall Aesthetics of the Copperas Cove Market
- Government Organization and Economic Solidarity
- Inclusion and Availability of Small Business Resources
- Available Properties Highest and Best Uses
- Future Housing Development
- Infrastructure Improvements and Expansion
- Retail Education and Current Business Development
- Tourism Planning and Staffing Considerations
- Young Talent Retention Strategies
- Workforce Development and Education

Data Gathering & Collection

Identify Existing Businesses

NaviRetail will identify existing businesses in the market to survey the base of all the consumers present in the market.

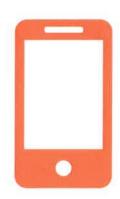

Collect Demographics, Psychographics, and Leakage/Surplus Data
NaviRetail will collect all relevant demographic, psychographic, and sales leakage/surplus data to be paired with relevant mobile device data.

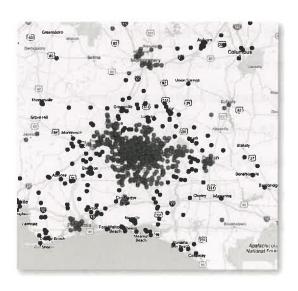

How do you do that?

Through strategic partnerships, NaviRetail has the ability to track the GPS in location-enabled devices all across the United States. This data shows us where consumers live, work, and even where they were leading up to the surveyed retail location.

Why is this important?

Possessing accurate data is paramount. Retailers rely heavily on specific data regarding their consumers, and thankfully – NaviRetail is able to provide them with just that. Being able to show them what's happening in a given market is the first step to effective retail recruitment.

Market Analysis & Mobility Assessment

- Determine Retail Trade Area(s)

 NaviRetail will evaluate the Retail Trade Areas for your market by filtering through the mobile device data collected, leaving only the most frequent consumers.
- Pair Data Sets

 NaviRetail will pair geographic data with other data sources that may include consumer spending surveys, credit card transactions, and lifestyle attributes.
- Analyze Collected Data

 NaviRetail will thoroughly analyze the demographics, psychographics, and leakage/surplus data to determine who your consumers are and what they're buying elsewhere.
- Compare Peer Communities

 NaviRetail will identify peer communities with similar demographics that already possess the desired retail offerings the city seeks, helping to better understand how and why they located where they did.
- Identify Competing Communities

 NaviRetail will identify competing communities that might be causing consumers to leave the city to purchase a particular good or service, ultimately causing retail sales to leak outside the city.

Why is this important?

Knowing the consumers in a given market is essential for targeting suitable retailers. We spend quite a bit of time gathering and analyzing information to accomplish this. In the end, the retailers feel most confident in their decision when they can depend on the information we've provided, even after a store is built.

Combine Reports & Market Findings

- Create Retail Marketing Flyer
 NaviRetail will create marketing pieces for the city that contains pertinent information retailers and
- developers might want to see in first conversations.
- Create Demographic, Psychographic, and Leakage/Surplus Reports
 NaviRetail will compile all the collected demographic, psychographic, and leakage/surplus data into comprehensive reports, allowing the city to understand their standing in the local market.
- Create Peer Analysis Report

 NaviRetail will create a report detailing the identified peer communities that are similar, as well as information about how they might have obtained their current selection of retailers.
- Create Competing Communities Report

 NaviRetail will create a report that lists the current competing communities of the city, threats that they might impose, as well as potential opportunities that exist because of their current situation.
- Create Radial & Drive-time Reports

 NaviRetail will create several different radial and drive-time reports, allowing for fast access of general demographic information if needed by the city or members of NaviRetail while at trade shows.

Why is this important?

Not only do we provide you valuable data about your consumers, but we also compile it into a format retailers want to see. Branding is an extremely powerful tool when reaching out to retailers; therefore, we ensure that all of your reports are not only helpful, but also eye-catching and consistent. This is very influential when retailers are reviewing the facts about your consumers and Retail Trade Area.

Community Forum & Recruitment Workshop

Host Seminars for Local Businesses & Stakeholders
NaviRetail will host two (2) seminars in Copperas Cove:

The <u>first</u> seminar will invite local businesses and other major stakeholders to help identify ways in which to enrich the current retail landscape in Copperas Cove.

The <u>second</u> seminar will invite the City Council and the Planning / Zoning Commission to come and learn about what retail recruitment entails and ultimately means for the city as we work through this process together.

- Connect Locals with Opportunities for Development or Franchising
 NaviRetail will educate stakeholders about development and franchising opportunities, gather contact information, and follow-up with interested parties about how to get involved.
- Identify Potential Development & Redevelopment Opportunities

 NaviRetail will identify and pursue potential development and redevelopment opportunities involving those locally that might be interested in helping with future development or redevelopment in the area.

Why is this important?

Connecting with local stakeholders is essential for getting the entire city on the same page. We prefer to do this prior to starting recruitment rather than after the fact. This way, if there are any potential issues, we can mitigate those on the front end - not after we have an interested party.

Phase 6

Retailer Matching & Targeting Strategies

- Analyze Retail Wish List

 NaviRetail will collect and analyze a "retail wish list" from the city. This is a list of retailers that constituents have expressed they would like to see added to Copperas Cove's retail base.
- Identify Expanding Retailers

 NaviRetail will identify and track retailers that are currently expanding, as well as keeping a mindful watch on retailers who are currently not expanding, but might potentially be in the near future.
- Create Retailer Target List

 NaviRetail will create a list of retailer targets that fit Copperas Cove's demographics and needs.

 This list will be a combination of matches from the retail wish list, as well as other targets added by NaviRetail.

Why is this important?

Knowing who to target at trade shows and events is sometimes half the battle of recruiting retail. The retail recruitment industry is changing at a very fast pace. Going blindly after retailers can not only be ineffective, but possibly even detrimental.

NaviRetail focuses on tracking movement in the retail industry so that we always know who, when, and how to target the retailers we've matched to Copperas Cove.

Phase 7

Site Matching & Inventory Assessment

- Catalog Available Properties

 NaviRetail will research and catalog the current available properties for retail in Copperas Cove. This property database information is essential for next steps when we identify an interested party.
- Match Sites to Retailer Targets

 NaviRetail will use the compiled property database in conjunction with our retailer match list to determine which available properties would be best for the targeted retailers.
- Determine Any Potential Issues

 NaviRetail will identify potential issues or obstacles that may exist concerning a retailer locating on a given property. We will also work to mitigate these issues before the initial contact with the retailer.

Why is this important?

The retailers always take the path of least resistance and the more information we can provide them initially, the better the chance is that they'll take it back to the office and do their own research.

By collecting and organizing some of this information for the retailers, we streamline the recruitment process. This allows us to see results faster rather than waiting for our initial contact with the retailers to collect and sort this data.

Phase 8 (Optional)

Hotel Monitoring & Feasibility Study

- Collect Hotel Market Data

 NaviRetail will gather relevant market data from existing properties in the Copperas Cove hotel market area. This data will help serve Copperas Cove for both future developments and the retention of existing hotel properties.
- Analyze Hotel Market Conditions

 NaviRetail will evaluate the hotel market in Copperas Cove to measure the market rebound from the COVID-19 pandemic. This includes a review of data from previous years, including the pandemic, and comparison to current market conditions.
- Prepare Hotel Feasibility Study

 NaviRetail will prepare a Hotel Feasibility Study for the purposes of building a proposed property in Copperas Cove and the feasibility of this project thereof. This will detail the construction costs, land costs, and include market data to show whether this project would be feasible or not, and to what extent.

Why is this important?

We believe that adequate hotel lodging space is a very necessary piece of a town's overall tourism strategy. This ensures that the tourist or business traveler is able to make all purchases locally when suitable hotel properties are available near their final destination.

Phase 9

Action Items & Recommendations

- Send Progress Reports

 NaviRetail will send frequent progress reports to our point of contact throughout this project.
- Follow up with Stakeholders and Seminar Attendees

 NaviRetail will be available for contact by seminar attendees throughout this project.
- Identify Action Items and Recommendations

 NaviRetail will identify potential obstacles that stand in the way of development in Copperas Cove and recommend ways in which the city can work to mitigate these issues.

Why is this important?

It's difficult to fix a problem that you never knew was a problem. That's where our help proves to be invaluable to Copperas Cove.

We believe wholeheartedly that if development could happen without further city intervention, it would. When it hasn't already, we see it as our duty to identify and inform our clients how to be proactive in mitigating any issue that might hinder development.

SCOPE OF WORK

Phase 10

Business Recruitment & Retention

Attend Retail Trade Shows

NaviRetail will attend the following trade shows on behalf of Copperas Cove (if deemed safe to do so):

- **Retail Live! Carolinas**
- **ICSC** @ Monterey
- ICSC @ Carolinas
- ICSC @ Red River States
- Retail Live! Southeast
- **ICSC** @ Las Vegas
- ICSC @ New England
- ICSC @ Florida
- **Retail Live! Southcentral**
- ICSC @ PA/NJ/DE
- ICSC @ Western
- ICSC @ Central
- ICSC @ Southeast
- **Retail Live! Southwest**
- ICSC @ New York

NaviRetail will contact the retailers listed on the Retailer Match List, at minimum, quarterly.

Contact Developers

NaviRetail will contact the developers listed on the Developer Match List, at minimum, quarterly.

Why is this important?

We believe that retail trade show marketing should be the core of any retail recruitment strategy. That is why we attend trade shows on behalf of our clients all across the United States.

Not only do we leverage our many years of industry connections on behalf of Copperas Cove, but we also employ checks and balances to make sure existing businesses continue to thrive while recruiting new ones.

TIMELINE & PRICING

Year 1

Agreement is Signed

Both parties have fully executed the agreement.

First Payment

Once the agreement is signed, Copperas Cove shall remit \$45,000* to NaviRetail.

Phase 1: Critical Path Method (CPM) & Project Kickoff

This will be started immediately.

Phase 2: Data Gathering & Collection

This will be started immediately.

Phase 3: Market Analysis & Mobility Assessment

This will be completed 3-4 weeks after Project Kickoff.

Phase 4: Combine Reports & Market Findings

This will be completed 4-5 weeks after Project Kickoff.

Phase 5: Community Forum & Business Workshop

This will be completed 1-2 months after Project Kickoff, schedules permitting.

Phase 6: Retailer Matching & Targeting Strategies

This will be completed within 3 months of Project Kickoff.

Phase 7: Site Matching & Inventory Assessment

This will be completed within 4 months of Project Kickoff.

Phase 8: Hotel Monitoring & Feasibility Study (Optional +\$8,500)

This will be completed within 5 months of Project Kickoff.

Phase 9: Action Items & Recommendations

This will be completed within 6 months of Project Kickoff.

Phase 10: Actual Business Recruitment & Retention

We will begin retailer/developer contacting once the retailer match list has been approved by Copperas Cove.

*Pricing is valid for sixty (60) days.

PROFESSIONAL SERVICES

AGREEMENT

PROFESSIONAL SERVICES AGREEMENT

This contract ("Agreement") is entered into as of the date this Agreement is signed by both parties ("Effective Date"), between the Copperas Cove Economic Development Corporation ("the Client"), and NaviRetail Inc., a Mississippi Corporation ("the Contractor") (each a "Party" and collectively "Parties"), acting through their authorized representatives.

WHEREAS, the Client wishes to engage the services of the Contractor to assist the Client in their retail recruitment efforts ("the Project"). The Contractor wishes to provide services for Market Analysis and Retail Recruitment Services, as described in this Scope of Work ("the Proposal").

THEREFORE, in exchange for the mutual obligations in this Agreement, and other consideration, the Parties agree as follows:

1. Term of Agreement

- 1.1 This Agreement commences on the Effective Date and continues through twelve (12) months from Effective Date.
- 1.2 The Parties may extend the term of this Agreement by mutual agreement in a writing signed by both Parties which specifically states it is extending the term of this Agreement.

2. Services by the Contractor

- 2.1 The Contractor shall perform the services in connection with the Project as set forth in the Proposal on the schedule set forth in the Proposal.
- 2.2 The Parties acknowledge and agree that any and all opinions provided by the Contractor in connection with the Proposal represent the professional judgment of the Contractor in accordance with the professional standard of care applicable by law to the services performed hereunder.
- 2.3 The Contractor shall devote such time as reasonably necessary for the satisfactory performance of the services under this Agreement. Should the Client require additional services not included under this Agreement, the Contractor shall make reasonable effort to provide such additional services within the time schedule without decreasing the effectiveness of the performance of services required under this Agreement and shall be compensated for such additional services as agreed between the Parties.
- 2.4 The Contractor shall furnish the facilities, equipment and personnel necessary to perform its obligations under this Agreement.
- 2.5 Except for the obligations and restrictions expressly contained in this Agreement, nothing contained herein shall prohibit the Contractor from rendering services to any other entities during the term of this agreement.

3. Compensation to the Contractor

- 3.1 The Client shall remit one payment to the Contractor for \$45,000.00 in accordance with the amounts listed in the Proposal. Payments are to be made within fifteen (15) days of the Effective Date.
- 3.2 The Contractor shall be entitled to no additional compensation under this Agreement unless the Parties agree to additional compensation in a writing signed by both Parties which specifically states it is altering the compensation due under this Agreement.

4. Termination

4.1. Either Party may terminate this Agreement immediately upon the material breach of the other Party.

5. General Obligations and Agreements

- 5.1 Amendments. Modifications or amendments to this Agreement are only effective if done in a writing signed by all Parties, which specifically states it is modifying or amending this Agreement.
- 5.2 Confidentiality. All documents, data compilations, reports, computer programs, photographs, and any other work provided to or produced by the Contractor and marked "Confidential" shall be kept confidential by the Client unless written permission is granted by Contractor for its release.
- 5.3 Compliance with Laws. The Contractor shall keep informed of and comply with all applicable federal, state and local laws and regulations in the performance of this Agreement.
- 5.4 Entirety of Agreement. This Agreement and its attachments, if any, represent the entire and integrated Agreement between the Parties and supersedes all prior negotiations, representations, and agreements, whether written or oral.
- 5.5 Ethics. The Contractor shall keep informed of and comply with all ethical standards governing the Contractor's profession.
- 5.6 Force Majeure. Neither party shall be liable for failure to perform under this Agreement if such failure to perform arises out of causes beyond the control and without the fault or negligence of the nonperforming party. This provision shall become effective only if the party failing to perform immediately notifies the other party of the extent and nature of the problem, limits delay in performance to that required by the event, and takes all reasonable steps to minimize delays.
- 5.7 Indemnification. The Contractor shall indemnify, defend and hold harmless the Client and its agents, employees, successors and assigns from all claims, lawsuits, and liabilities arising out of the Contractor's performance (or failure to perform) under this Agreement.

- 5.8 Independent Contractor. The Contractor is an independent contractor, and not an employee of the Client, under this Agreement. The Contractor is not authorized to incur any obligation on behalf of the Client.
- 5.9 Ownership of Work Product. All work product, including but not limited to all documents, reports, records, materials and data resulting from performance of this Agreement and produced for the Client's exclusive use shall become the property of the Client upon completion of this Agreement. The Client agrees that it shall not alter, transform, or make derivative works of the product for the distribution or sale to any third-party. Any materials bearing the name or that of any specific retailer, developer, or other entity and/or not otherwise designated as being produced for the exclusive use of the Client shall not be considered as being produced for the exclusive use of the Client and shall remain the property of the Contractor.
- 5.10 Third-Party Beneficiary Rights. The Parties do not intend to create in any other person the status of third-party beneficiary, and this Agreement shall not be construed to create such status. The rights and obligations in this Agreement operate only between the Parties and inure solely to the benefit of the Parties. The Parties intend and expressly agree that only the Parties have any right to enforce this Agreement, to any remedy arising out of a party's performance or failure to perform any term or condition of this Agreement, or to bring an action for the breach of this Agreement.
- 5.11 Time is of the Essence. Time is of the essence in all provisions of this Agreement.
- 5.12 Waiver. The waiver of any breach of any term or condition in this Agreement shall not be deemed a waiver of any prior or subsequent breach.
- 5.13 Severability. If any part of this Agreement is declared unenforceable or invalid, the remainder will continue to be valid and enforceable.

IN WITNESS WHEREOF, this Agreement has been agreed to and duly executed by the authorized representatives of the parties hereto as of the Effective Date.

Meeting Date: February 22, 2023

Contact: Fred Welch, Executive Director, Copperas Cove EDC

Subject:

Consideration and action on approving additional funding to the City of Copperas Cove for the reconstruction of Constitution Drive.

Description/Information:

On February 24, 2021, during a Regular Meeting of the CCEDC, a general discussion was held concerning approval for the authorization of expenditures for infrastructure related to the Constitution Drive Drainage and Roadway Improvements project.

This Project was part of the City of Copperas Cove's 2022-2026 Capital Improvement Plan ("CIP") and, at that time, consisted of two components: a) the Drainage portion in the amount of \$442,008 and b) the Street Reconstruction portion in the amount of \$1,597,545 for a total of \$2,039,553. The overall project would improve additional roadway access to The Narrows Business and Technology Park from Highway 190.

On March 24, 2021, the CCEDC Board of Directors approved Resolution # EDC-2021-01 to fund the Constitution Drive reconstruction project, not to exceed \$2,039,553.

In February, 2023, the CCEDC received a request to provide additional funding to this project to cover the shortfall and an 8% contingency fee (for unforeseen change fees) for a total amount of \$716,000.

Financial Impact:

\$716,000

Action/Recommendation:

EDC staff requests CCEDC Board consider approving the additional funding request of \$716,000 made by the City of Copperas Cove for the reconstruction of Constitution Drive.

February 14, 2023

Copperas Cove Economic Development Corporation Board C/O: Fred Welch, Director

Re: Constitution Drive Reconstruction Project

Dear Mr. Welch,

As we have briefly discussed, the Constitution Drive Reconstruction Project (Project) is fully designed and was recently readvertised for bids. On February 6, one bid was received for the construction of the Project in the amount of \$2,354,453. This amount exceeds the remaining amount of the original budget less design and advertisement (\$1,826,744) for this Project by \$527,709. The purpose of this memorandum is to provide background details and to respectfully request that the Copperas Cove Economic Development Corporation Board (EDC) consider supplementing the original funding for this critical project in the amount of the shortfall, plus a contingency for unforeseen change orders (at approximately 8% of the bid price) that may occur during construction, for a total of \$716,000.

Background:

Following the City's assessment of a section of Constitution Drive between US BUS 190 and MLK Jr. Blvd. in 2020, it was determined that the section of roadway had failed and would need to be reconstructed. The City subsequently identified the project in the City's Capital Improvement Plan for future funding. However, as this section of Constitution Drive is a primary feed into a significant portion of the existing business hub of the City and the Narrows Business Park, discussions between the EDC and the City ensued and resulted in the EDC's commitment to fund this critical project in the originally budgeted amount indicated above. This commitment was memorialized by EDC Resolution No. EDC-2021-05 on September 22, 2021. Following this commitment, City staff promptly engaged Kimley-Horn to design the Project and provide bidding and construction phase services for the project's ultimate construction.

The Project was originally scoped to reconstruct approximately 3,600 linear feet of asphalt/flexible base roadway and install drainage infrastructure to take stormwater underground to ensure the longevity of the reconstructed roadway. However, as design progressed, in early 2022 it was determined that significant obstacles made the drainage improvements impractical due to limited elevation changes throughout the Project and numerous existing utility conflicts. Overcoming these obstacles would have increased the Project cost more than an additional \$700,000 (pricing in early 2022). Following this determination, the Project was value engineered and the design scope was ultimately changed to eliminate the proposed underground drainage improvements. However, to ensure longevity of the project it was also determined that as stormwater would remain on the surface, the roadway would need to be constructed out of concrete, rather than asphalt/flexible base. The durability of the material will also serve the substantial heavy truck traffic that frequents this area due to the business base.

Kimley-Horn completed the Project's final design in September 2022 and the City subsequently advertised the Project for bids and held a bid opening on October 13, 2022. No bids were received as a result of this effort and, when polled, plan holders indicated that the bid date was too close to the Holiday Season and that they couldn't ensure their respective

"The City Built for Family Living"

Public Works

availability to commence with a project in the new year (2023) and, therefore, did not bid on the Project. The City recently readvertised the project in January 2023 and Kimley-Horn made a significant effort to reach out to prior and current plan holders in an effort to secure multiple competitive bids. Despite this effort, only one bid was received. However, following evaluation of the submitted bid and the submitter's references, it has been determined that TTG Utilities, LP is a reputable contractor that has successfully completed numerous City and State projects. Further, the bid has been determined to be fair, balanced and reflective of current industry pricing, which have significantly increased over the last two years as a result of supply constraints and high inflation. By comparison, the City has seen and is currently seeing bid prices on its capital projects come in that are 60-200% higher than original opinions of probable construction costs. A copy of Kimley-Horn's recommendation is attached.

Benefits to Economic Development:

Commercial and industrial development is heavily impacted by the quality of supporting infrastructure surrounding a given location. As was the case when the EDC originally committed to funding this critical Project, this area continues to be a significant hub of commercial economic activity. This section of Constitution serves Walmart, Cinergy Cinemas movie theater, multiple hotels and a variety of surrounding retail and food service entities. As one of the primary feeds from US Bus 190 to the EDC's Narrows Business Park, this route will become more and more important as the Business Park and adjacent properties develop for adequate circulation. This importance will also increase following construction of the SH 9/US Bus 190 connection that is currently being developed as that connection will deliver SH 9 westbound traffic from SH 9 to the Constitution Drive/US Bus 190 intersection.

Based on the foregoing, the City respectfully requests that the EDC consider providing supplemental funding to enable the City to move forward with the reconstruction of this critical roadway. In accordance with the bidding documents, the City must award (or reject) the bid by May 5, 2023. Please contact me directly should additional details be desired and/or discussion become necessary.

Sincerely,

Scott Osburn

Re: Constitution Drive Reconstruction Project Bid No. PW 2023-01-53 KHA No. 069282101

Dear Cynthia:

On February 6, 2023, sealed bids were received and opened for the referenced project. A total of 1 responsive bid was received and tabulated. A summary of the bid tabulation for the bidder is provided in the table below:

FIRM	TOTAL BASE BID
TTG UTILITIES, LP	\$ 2,354,453.00

Kimley-Horn staff have reviewed the bid and found no bid irregularities among. Additionally, Kimley-Horn staff has reviewed relevant bidder experience and contacted project references provided by the low bidder. Based on the selection criteria set forth in the contract documents and the response of references, it appears that TTG Utilities, LLC is the responsive low bidder providing the best value for this project. We recommend awarding the contract to TTG Utilities, LLC in the amount of \$2,354,453.00.

If you have any questions or comments, please call me at (512) 418-4509.

Very truly yours,

KIMLEY-HORN AND ASSOCIATES, INC. TBPE No. F-928

Jordan S. Kiewit, P.E.

CITY OF COPPERAS COVE ECONOMIC DEVELOPMENT CORPORATION

RESOLUTION NO EDC 2021-01.

A RESOLUTION APPROVING THE AUTHORIZATION OF EXPENDITURES FOR INFRASTRUCTURE NECESSARY TO PROMOTE OR DEVELOP NEW OR EXPANDED BUSINESS ENTERPRISES; AND PROVIDING THAT THIS RESOLUTION SHALL BECOME EFFECTIVE FROM AND AFI'ER ITS PASSAGE AND ADOPTION.

WHEREAS, at a meeting of the Board of Directors of the Copperas Cove Economic Development Corporation (CCEDC), duly held on March 24, 2021, a general discussion was held concerning approval for t11e authorization of expenditures for infrastructure related to the Constitution Drive Drainage and Roadway Improvements project; and

WHEREAS, it is proposed that the CCEDC Board consider funding both components of the Project, which covers Constitution Drive from east business Highway 190 to MLK Jr Drive. Such project would improve additional roadway access to The Narrows Business and Technology Park from Highway 190 and is an allowable expenditure of CCEDC funds pursuant to Section 501.103, Texas Local Government Code; and

WHEREAS, the Project is part of the City of Copperas Cove's 2022-2026 Capital Improvement Plan ("CIP") and presently has two components: a) the Drainage portion in the amount of\$442,008 and b) the Street Reconstruction portion in the amount of\$1,597,545 for a total of \$2,039,553; and

WHEREAS, it is proposed that the CCEDC Board approve an amount not to exceed \$2,039,553.00 for design and construction of such Project.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE COPPERAS COVE ECONOMIC DEVELOPMENT CORPORATION THAT:

SECTION 1: The Board of Directors of the Copperas Cove Economic Development Corporation hereby approves Resolution No.EDC-2021-01, for infrastructure in provements comprised of the Drainage portion for \$442,008 and the Street Reconstruction for \$1,597,545, for a total not to exceed \$2,039.553.00, in line with the study undertaken by the City of Copperas Cove for the 2022-2026 CIP.

<u>SECTION</u> <u>2:</u> Such approval of this Project will also result in an amendment to the CCEDC budget subject to approval by both the Board and the City Council of the City of Copperas Cove.

SECTION 3: This Resolution shall be in full force and effect from and after its passage and adoption.

PASSED, APPROVED AND ADOPTED on this _24_ day of March, 2021 at a regular meeting of the CCEDC which meeting was held in compliance with the Open Meetings Act. Tex. Gov't Code,

§551.00 I, et seq. at which a meeting a quorum was present and voting.
